Product use authorizations

Most Micro Focus Software products have product use authorizations that are governed by Additional License Authorizations. Micro Focus delivers the Additional License Authorizations (ALA) document(s) electronically; the documents are available from the [Software License & SaaS Documents](#) page. This document provides you with an overview and links to the ALA document applicable to a product.

Analytics and Legal Tech

Previous versions of Additional License Authorizations documents

The above listed Additional License Authorizations are the ones that apply to new purchases from the date the ALA document was published. The version that applies to the date of a previous purchase was delivered along with the license certificate or right-to-use certificate for the purchased license(s). Effective April 2009, ALA documents are published and available through [Software License & SaaS Documents](#) page. When a new ALA document is being published, it replaces the current version. Refer [ALA repository](#) for archived versions (Currently it's available for OpenText internal use only, hence the Channel partners should contact their Partner Business Manager to obtain the same).

Notice about Application Modernization and Connectivity products and services

On May 1, 2024, Rocket Software acquired all of OpenText's Application Modernization and Connectivity (AMC) products and services. OpenText is temporarily providing select AMC quotation, invoice, and billing services on behalf of Rocket Software, which will be subject to Rocket Software terms and conditions. Please visit <https://www.rocketsoftware.com/company/trust/agreements> for more information.
