Finding your version	3
Method 1—The simpler way	3
Method 2—The method available on ALL OpenText	4

## Finding your version

### Method 1—The simpler way

#### Available on recent versions

1. Open the Login page for OpenText™ ZENworks Control Center.

On more recent versions of OpenText ZENworks, you would see something like the above, where the numbers boxed in red accurately show the major version of OpenText ZENworks.

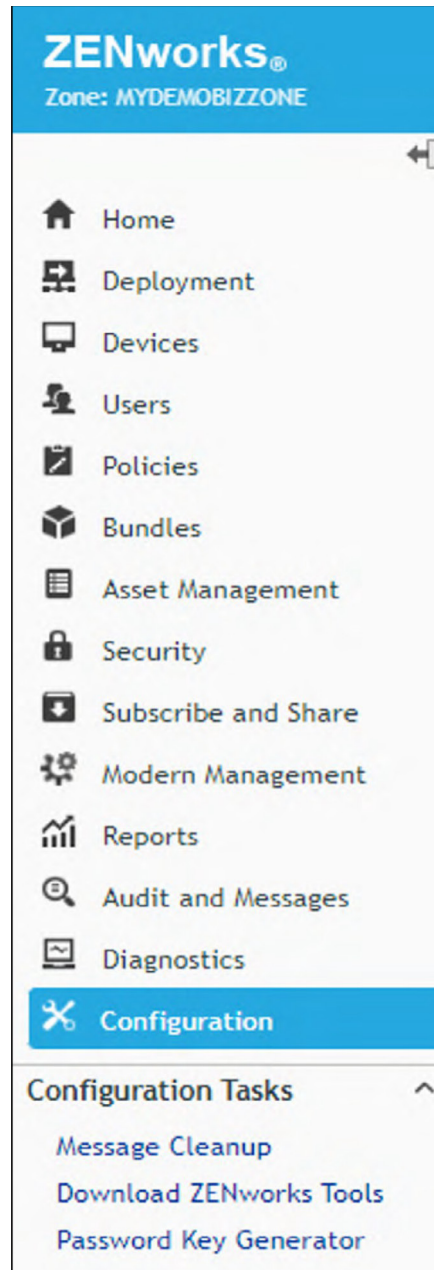

Below is the mapping of these numbers to the Version of OpenText ZENworks.

Mapping	
ZENworks Version	Long Form
23.4.x.x	OpenText ZENworks 23.4
23.3.x.x	OpenText ZENworks 23.3
20.3.x.x	OpenText ZENworks 2020 Update 3
20.2.x.x	OpenText ZENworks 2020 Update 2
20.1.x.x	OpenText ZENworks 2020 Update 1
20.0.x.x	OpenText ZENworks 2020

If you don't see the version information on the login page, use Method 2.

## Method 2—The method available on ALL OpenText ZENworks versions

1. Log in to the OpenText ZENworks Control Center
2. Click on Configuration on Left Pane

3. Look at the 'Server Hierarchy' Snapshot

## Resources
