## BMO Harris Realized an Immediate Savings of \$5M with OpenText™ InfoArchive

Achieved through application retirement and maintained the same reduction in years following due to reduced licensing fees, infrastructure, and support costs.

 Eliminated **\$285K** per month from legacy apps maintenance

 **Completed project in 12 weeks** instead of 12 months

 Freed up **\$3.8M** by eliminating just one main application

*“At BMO Harris, OpenText InfoArchive has produced a great payback for us, as well as meeting our regulatory requirements.”*
