

OpenText EnCase Advisory Program (EAP)

Special offer

The OpenText™ EnCase™ Advisory Program (EAP) augments and strengthens teams by accelerating process maturity in eDiscovery, investigations, risk and compliance, digital forensics, incident response and managed security services.

The EAP offering

Get easy access to OpenText Security Consulting Services, with pre-paid services packages for every investigation and security need.

- Staffed by certified senior consultants and project managers
- Receive up to 100 free hours depending on EAP level
- EnCase™ Assist: Case support for end-to-end eDiscovery for legal or security investigations
- Access a bank of hours for advice, guidance and assistance
- Regular reporting aligned to OpenText's world-class Professional Services project methodology
- Insider threats/investigations: Certified investigators assist with internal matters related to deliberate or inadvertent mishandling of corporate IP, fraud, sabotage, misconduct and other violations of corporate policies, regulations, civil or criminal laws

Security Consulting Services

OpenText Security offers numerous consulting options. The team's unique approach provides the opportunity to augment or customize services to meet specific business needs.
