

OpenText™ RFX Center

Streamlining bid management

OpenText RFX Center enables enterprises to easily automate, manage, and monitor their RFI, RFQ, RFP, and other procurement processes. Leveraging the power and flexibility of the OpenText™ AppWorks, this procurement management solution manages all aspects of the procurement process: streamlining advertisement of business opportunities, proposal submission, evaluation, negotiation, award and purchase order creation.

CHALLENGES

- Complex procurement process, numerous policies and guidelines
- Requirement to integrate with business systems such as ERP
- Compliance with procurement regulations and standards

SOLUTIONS

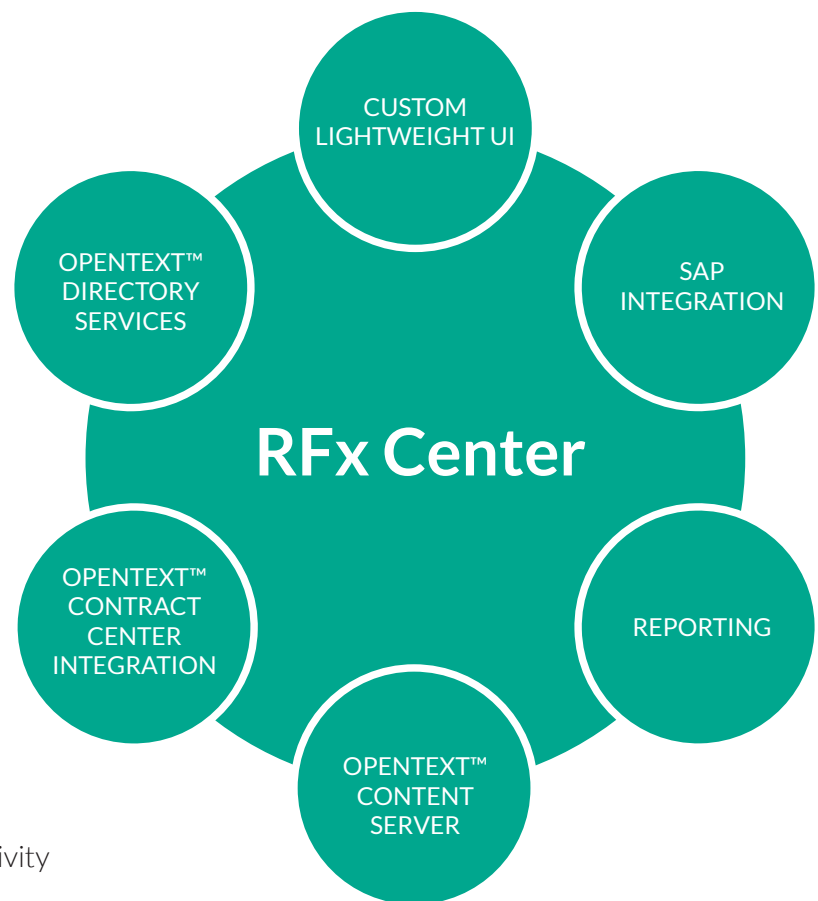

- Provides a web-based solution enabling the management and control of procurement processes with full transparency
- Manages all phases of the procurement process flow
- Integrates multiple enterprise systems, reusing existing IT investments

BENEFITS

- Increased transparency, fairness, and productivity
- Accelerated, best-value strategic sourcing
- Reduced costs and process time due to streamlined procurement process

KEY STATS

- Total users: 10,000+
- Total selections: 80,000+
- Total value of awards: \$3.5 Billion

**Leverage the power
and flexibility of the
OpenText™ AppWorks**
