

SOLUTION OVERVIEW

Extended ECM for SAP SuccessFactors Cloud Learning Subscription

Gain approved Partner certifications to enable a successful Cloud deployment for Extended ECM for SAP SuccessFactors

Become a **certified Extended ECM** for SAP SuccessFactors Cloud Policy Compliant Practitioner

More effective customer deployments

Self-paced and **instructor led** training

Save costs with a packaged training and certification program

OpenText™ Extended ECM for SAP® SuccessFactors® increases HR effectiveness by providing centralized remote access to the complete employee record.

For partners and consultants who may be deploying Extended ECM for SAP SuccessFactors in the cloud for their customers, it is essential they have the correct skills and knowledge to ensure success. Achieve Cloud Policy Compliance with the Extended ECM for SAP SuccessFactors Cloud Practitioner enablement package.

Become certified as a Cloud Policy Compliant Practitioner

By completing the enablement program, consultants will receive a total of three badged credentials. The first two – OpenText Content Server Business Administrator certification and OpenText Extended ECM for SAP SuccessFactors Business Administrator certification, are required prerequisites for the OpenText Cloud Policy Compliant Practitioner credential. The OpenText Cloud Policy Compliant Practitioner digital badge is required to signify you have the required skills and serves as real-time certification verification.

More effective customer deployments

As a partner or consultant, gain insights into the deployment, configuration, and customization steps to better serve customers. Gain deeper insight into the different components of the OpenText Extended ECM for SAP SuccessFactors solution and learn how different roles can leverage the solution's capabilities to work efficiently.

Certifications & Badges
