- Simple, turnkey plans that fast track deployment and run in your cloud of choice

Scalable

- Modern experiences, ready to solve your business challenges of today and tomorrow

Tailored

- Purpose-built to accelerate time-to-value wherever you are on your modernization journey

Executive summary

Information management is at the heart of modern work. Maintaining pace with constantly evolving demands requires agility, scalability and resilience. OpenText™ Content Management (OpenText™ Extended ECM) provides an agile information management foundation, which deeply integrates content with the business processes that power your organization. With OpenText Content Management, teams are empowered to create, consume, and share information to make insightful decisions, deliver best-in-class service, and boost operational efficiency.

OpenText Content Management X-Plans are purpose-built to address the most common use cases, making content management easy to buy, deploy, and operate—and allowing you to focus on what's most important to your organization. The three turnkey X-Plans provide all the benefits of cloud wherever you deploy:

- **Want to achieve compliance and team productivity?** The Express (X1) Plan features ready-to-use business scenarios, Microsoft Teams® integration, automated security governance and content management.

- **Working toward operational excellence across your organization?** The Premium (X2) Plan features all the functionality of the Express (X1) Plan, boosted by a deep integration with business applications (SAP S/4HANA®, SAP® SuccessFactors® and Salesforce®).

- **Or perhaps you wish to share information outside enterprise boundaries with partners and customers?** The Ultimate (X3) Plan adds on to the functionality of the Premium (X2) Plan, also including OpenText™ Core Capture for intelligent filing of documents, OpenText™ Core Share for secure content sharing (both internally and externally) and OpenText™ Core Signature for secure business transactions.

OpenText Content Management X-Plans are available as customized or standardized private-cloud plans or standardized off-cloud license plans and are scalable to meet your needs now and in the future.

Modernize with OpenText Content Management X-Plans

Express (X1) Plan

Achieve compliant team productivity

Best-in-class content management with integration into Microsoft 365®

Premium (X2) Plan

Drive operational excellence via deep integration with business processes

All the capabilities of Express (X1) plus integration with SAP® Solutions, SAP® SuccesFactors®, Salesforce®, document generation

Ultimate (X3) Plan

Share information outside enterprise boundaries with partners and customers

All the strength of Express (X1) and Premium (X2) plus OpenText™ Core Capture, OpenText™ Core Share and OpenText™ Core Signature

OpenText content management Private-cloud X-Plans

Private-cloud plans are designed for enterprises that want content management as a cloud service. Standard Express (X1), Premium (X2) or Ultimate (X3) plans are available or custom plans can be designed to meet specific needs. Capacity, function, and metric cloud extensions can also be added.

Capability	Express (X1): Boost team productivity	Premium (X2): Build cross-functional excellence	Ultimate (X3)B: ridge across boundaries
	Best-in-class content services platform—with ready-to-use business scenarios, integrated Microsoft Teams collaboration, viewing and automated security and governance	All the benefits of Express (X1)—plus, automated document generation and ready-to-use integrations for SAP S/4HANA, SAP SuccessFactors and Salesforce	All the benefits of Premium (X2)—plus OpenText Core Capture (with Intelligent Filing), OpenText Core Share for seamless content exchange with external parties and OpenText Core Signature to fully digitize business transactions
