

E-Invoicing compliance-checklist and priorities

This checklist provides an overview of key components and features to evaluate potential e-Invoicing providers

Included

E-Invoicing compliance capabilities				
Solution capabilities		OpenText	Other provider	Priority
Compliance capabilities				
Integrity and authenticity (I&A) assurance	Can the provider ensure that the document has not changed over time (integrity) and verify the issuer of the document is correct (authenticity)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
I & A via digital signature¹	Does the solution provide a robust digital signature solution that uses locally recognized certificate authorities in each region/country?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
I&A via non-signed EDI² (EU only)	Does the solution support non-signed EDI?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
CTC integration with government systems (where applicable)	Does the solution integrate with government platforms where mandated by countries with CTC ³ models, and submit invoice data in near real time to this system/platform?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Meets government mandated CTC processes	In counties that mandate e-Invoicing via a CTC model, ⁴ does the e-Invoicing solution follow the required processes?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Invoice content checking	Does the solution check mandatory content of the invoice prior to issuance based on country-specific requirements? Can custom rules be added?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Tax rate checking	Can the provider check the validity of the tax rate on the invoice if required?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Compliance updates	Does the solution maintain ongoing compliance and provide updates to clients on important impending changes?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

1 Accepted in most countries as the most certain method for ensuring I&A over time

2 The European Union considers an EDI document without a digital signature to be valid for tax reporting purposes per the 1994/820/EC Recommendation for a Model Interchange Agreement.

3 Continuous Transaction Controls

4 E.g. much of Latin America, Turkey, Italy, Poland etc.

E-Invoicing compliance capabilities

Solution capabilities		OpenText	Other provider	Priority
Archiving and audit capabilities				
Storage of e-Invoices per government mandated retention period	Does the solution measure archive time and remove e-Invoices that are past a country's retention period?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Flexible retention periods	Does the solution allow setting a retention period longer than that mandated by tax and commercial law?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Legal hold process	Does the solution allow for invoices to be legally held if queried during a tax audit?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Location of e-Invoice archive	Does the storage location for invoices meet the requirements for each country the organization operates in?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Secure electronic data warehouse	Does the solution securely store all e-Invoices and related documents?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Transaction audit trail	Does the solution keep a written log of all document evolution?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Data protection laws compliant	Does the solution comply with local data protection laws? Is it GDPR compliant?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ability to display invoices in human readable format	Does the system create PDF copies of the transaction that humans can easily read?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Reporting	Does the solution provide both manually generated and automated reports for multiple internal and external audiences?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Compliance documentation for non-signed EDI	Does the supplier create and archive additional compliance documentation, such as a comprehensive trading partner list, an automatically signed daily invoice summary report or a tax exemption document?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Designed to speed audit process and auditor requests	Can an auditor log in to run queries to quickly find specific invoices, ranges of invoices or a selection of invoices by different criteria (invoice numbers, dates, legal entities etc.)? Can auditor requests be delivered quickly and easily?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Agnostic to direct/indirect materials invoices	Is the solution agnostic to and able to add/check compliance for both direct materials invoices and indirect?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Agnostic to inbound/outbound (AP/AR) invoice flows	Is the solution agnostic to and able to add/check compliance for both inbound (Accounts Payable) invoices and outbound (Accounts Receivable) invoices?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

E-Invoicing compliance capabilities

Solution capabilities		OpenText	Other provider	Priority
Integration capabilities				
Integration to SAP®/Oracle®/ other ERP systems	Does the solution support integration with a wide range of ERP and line of business system(s) for receiving inbound invoice data and issuing outbound invoices?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Integration to AP/AR, eProcurement, e-Commerce, payments and other systems	Does the solution support integration with other key internal systems that require issuance or receipt of compliant e-Invoices?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Translation/Mapping between invoice formats	Does the provider offer full “any-to-any” translation and mapping between internal and external invoice formats?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Invoice attachments	Does the solution support the integration of attachments to invoices?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Approval workflow	Does the provider offer approval workflow capabilities to enable two-way, three-way and four-way matching with business rules?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Full supply chain transaction lifecycle support	Does the vendor facilitate the exchange of all other supply chain transactions that support the invoice – orders, order confirmations, advanced shipping notices, delivery notes, remittances etc.?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Legal original vat invoice formats supported				
EDI	Does the solution support EDI formats, such as EDIFACT, TRADACOMS or other region or industry-specific formats?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
XML	Does the solution support XML formats, such as FatturaPA (Italy), IDEAL (Switzerland), FacturaE (Spain), CFDi (Mexico) or other region- or industry-specific formats?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PDF	Does the solution support PDF as a legal original invoice for VAT purposes? Do PDFs conform to the PDF/A-3 specification for long-term archiving? Can the solution support embedded PDFs like ZUGFeRD (Germany) or Factur-X (France)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PEPPOL	Does the solution support PEPPOL BIS formats?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
B2G standards	Does the solution support local syntaxes for B2G e-Invoicing that conform to the European Norm (EN16931) standard?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Paper	Does the provider also offer capabilities for receipt of paper invoices, including OCR (optical character recognition) to extract invoice data?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

E-Invoicing compliance capabilities				
Solution capabilities		OpenText	Other provider	Priority
Digital signature types supported				
Support for digital signature format required in each country of business	Can the solution support the specific digital signature format required for each country of business? ⁵	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Italy and/or Hungary timestamp	In both Italy and Hungary special procedures are required by law to archive invoices; these procedures are to produce a hash and timestamp of invoices. Does the solution support these?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Invoice transportation / communications methods				
Integrated B2B/EDI/XML based communications	Does the solution support a variety of commercially available communications protocols? ⁶	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Secure network	Does the solution support the use of a value-added network as per EU recommendation 1994/820/EC?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Business data interchange	Does the solution support data interchange over the internet using technology standards, such as Applicability Statement 1, 2, 3 and 4 with signatures, ⁷ as per 1994/820/EC?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Email delivery of signed PDF	Does the solution support delivery of signed PDF invoices to the buyers through standard SMTP email?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Secure email delivery	Does the solution support delivery via a secure email system to enable secure delivery, guaranteed delivery and an audit trail?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Full supplier portal	Does the solution provide an option to support full order to cash flow with invoice turnaround and matching of multiple business documents? ⁸	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Simple web forms portal	Does the solution support quick and easy web forms implementation with basic invoice turnaround?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Fax to EDI conversion/Docs to EDI conversion	Does the solution offer OCR/ICR (intelligent character recognition) technology to support non-EDI partners sending faxes or unstructured data via email?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Status monitoring	Can the solution monitor the status of e-Invoices?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

5 E.g. CAdES, XadES, PDF, PadES, XMLcon, S/MIME, EANCOM IDEAL (Switzerland), EANCOM GS1 (Spain), EANCOM GS1 (Austria), Facturae (Spain)

6 AS2, AS3, OFTP, OFTP2, SFTP, Zengin, S/MIME (RFC 3851), etc.

7 FC3335, RFC 4130, RFC 4823

8 PO, order change/cancel, ASN, delivery, invoice, remittance etc.

Implementation				
Experience	Does the vendor provide experienced B2B integration implementation specialists?	1,200+ specialists	<input type="radio"/>	<input type="radio"/>
Project management	Does the vendor provide the option of a designated project manager?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
Methodology	Does the vendor have a proven, comprehensive implementation approach and project plan?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
Many onboarding alternatives for trading partners	Are there many alternatives available for partner enrollment? ⁹	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
Supplier ratings	Can the vendor support supplier risk management initiatives through integration with external supplier rating mechanism such as EcoVadis and Dun & Bradstreet [®] ?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
Global, scalable onboarding team	Does the vendor have a large dedicated onboarding team to enable large volumes of customer and vendor trading partners?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
Tiered scalable implementation models	Does the vendor offer tiered pricing and implementation models to support implementation of mid-market companies all the way up to the largest global enterprises?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
Proven vendor leadership				
Customer base				
Number of customers	How many B2B integration customers has the vendor implemented?	65,000	<input type="radio"/>	<input type="radio"/>
Current invoice volume	Does the vendor demonstrate scale with the existing volume of electronic invoices processed?	4B+	<input type="radio"/>	<input type="radio"/>
Industry support	How many businesses are connected to the vendor's network?	600,000+	<input type="radio"/>	<input type="radio"/>
Company financial health				
Financial performance	Can the vendor demonstrate annual revenue growth?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

E-Invoicing compliance capabilities

Proven vendor leadership		OpenText	Other provider	Priority
Customer service				
Single point of contact	Does the vendor assign a single point of contact to manage the vendor relationship?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Location of operations	Does the vendor have operations across the organization's geographic footprint?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Support availability	Does the vendor offer data centers in major geographical regions?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Language support	In how many languages does the vendor offer customer support?	12	<input type="checkbox"/>	<input type="checkbox"/>
Problem resolution	Does the vendor offer Service Level Agreements for problem resolution?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Reporting	Does the vendor provide regular reporting of key performance indicators and metrics?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
